1730-1930: C2A BBQ

Wednesday 28

0700-0900 C2A Coffee
2000-2200: Night Air show

Camping Checklist & Info

"North 40" Camping & the Show:

- Camping is roughly \$27 per day, min of 3 days
- Requires EAA membership for one year = about \$40 (can get it there, one person in your party must be a member).
- Registration and payment for camping is done on site, after arrival
- Buy tickets for the show when you register for camping, or get online beforehand
- Buses to the show regularly circulate along the road next to the campsites (can get quite full at the end of the day)
- Buses to places outside the show(seaplane base, EAA museum, etc.) leave from the bus park inside the show grounds
- Trams circulate inside the show on several routes. No bikes or scooters allowed
- The 2019 EAA Airventure Oshkosh App has other helpful info about speakers, exhibits, events, shuttles, georeferenced map, etc.

Securing Aircraft:

- The Claw (plane tie down) or 3 24" ½ in. metal rods and hammer. You can buy tie downs after arrival if necessary
- 3 tie down ropes
- Platform for under wheels (to prevent sinking into the sod). We recommend using plastic cutting boards (see picture) – available at most supermarkets. Plywood also works

Camping Basics:

- | | |
|------------------------------------|--|
